The Committee on the accounts of the Public Treasurer, Report.

" to Order a Sufficient Sum to be Stamped, and issues for exchanging all the old Lawful
" Bills, Viz.t One Hundred and Six thousand five hundred Pounds, which
" is now not only become very much defaced in General by being Worn and torn, but also
" consists of a variety of impressions and signatures, whence there is more danger from
" Counterfeits; than there would be if the whole Sum was re emitted, and all the old Bills
" call'd in; And probably by Loses which have happened of such Money there will
" be a saving to the Public more than Sufficient to defray the Expence of such new
" Emission. In the mean time the Committee also recommend that the Treasurer be
" Ordered to Exchange Torn and Obliterated Money, with any other Money's in his
" Hands, for want of such an Order many poor People, and others possessed of
" parts of Bills are Suffering under the want of what they are justly entitled to
" from the Public.

Eighth. The Committee discover by an account laid before them by the
" Assistant Treasurer, that William Harvey Esquire, late Collector of Country
" Duties at Beaufort Port Royal, had Collected, according to several Accounts in the
" hand writing of the said William Harvey the Sum of Seven Thousand Eight
" Hundred and Forty Pounds, Twelve Shillings and Six pence, of which
" One thousand Nine hundred and One pounds Twelve Shillings and
" eight pence hath been paid to or Secured by the Public Treasurer in
" Charles Town, but not yet brought to the Credit of the Public, and that the
" Public Treasurer is possessed of a promissary Note due by Messrs. Middleton & Liston
" of Hope dated 8th. April 1766. for Six Thousand Eight hundred and Sixty three
" pounds Eighteen Shillings and Six pence Net Balance, out of which Note it
" is expected a Sufficient Sum will be recovered to discharge the Balance due by the
" said William Harvey, so far as his Accounts have been returned, but the
" Committee are of Opinion that there must be a considerable Sum more due by
" the said William Harvey for Duties Collected at Beaufort, as his last
" Account ended in September 1765, and he lived as your Committee have
" been informed and received the Duties due in that port until the Year 1767.
" the Consideration of proper means to discover what Duties he did receive, and
" to recover the same to the Use of the Public is Submitted to the House.
